**Solutions for
controlling your
environment**

ULTI AIR CURTAIN

Open doorways allow temperature loss and access for insects, dust and fumes.

Ulti Air Curtains provide the solution!

Block out airborne nuisances

The Ulti Air Curtain creates an invisible curtain of high velocity air over your doorways, forming an effective barrier without inhibiting access for your staff or customers.

Ulti Air Curtains used in production line cooling

With 3-speed fans, airflow can be selected to provide maximum reduction of insects, dust and odours from entering your clean zone.

ULTI AIR CURTAIN

Prewired for remote door switching = fans start when door is opened.

Powder coated aluminium casing for easy cleaning and corrosion resistant.

Full size mounting plate provides easy, secure installation onto any surface.

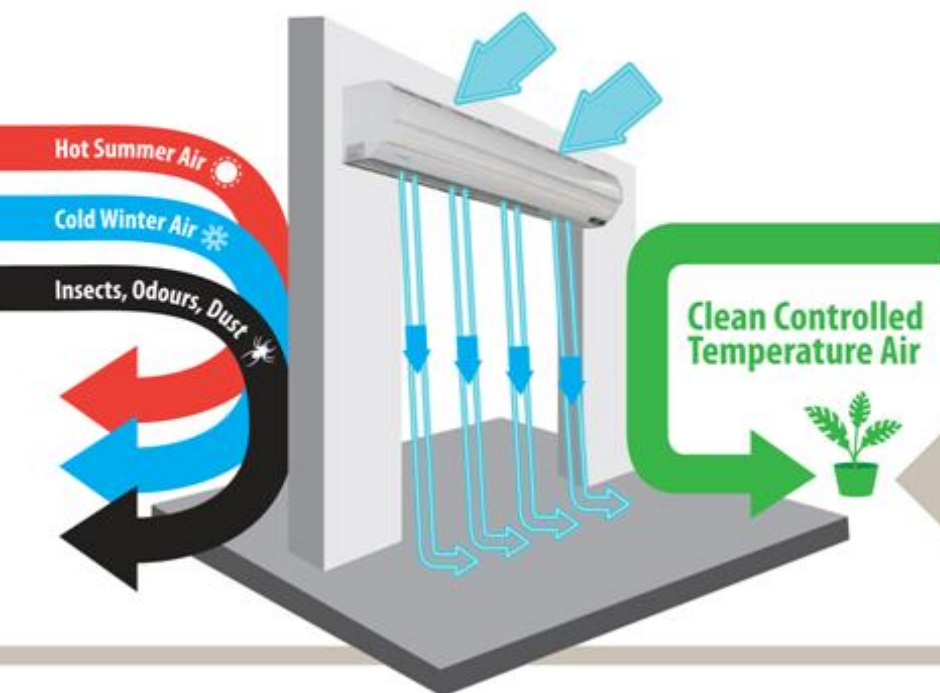

Remote control and soft touch buttons.

3 speed fans.

Industrial duty centrifugal fans give high air flows with low noise levels.

Improve work area comfort

Ulti Air Curtains greatly reduce your energy costs by reducing the transfer of air through door openings.

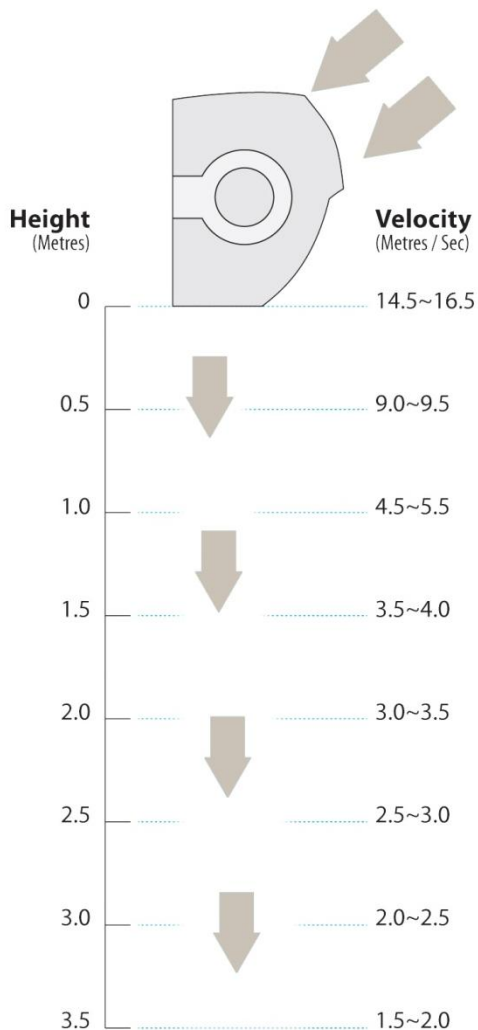

Adjustable outlet vanes provide precise angle control of the air flow

ULTI AIR CURTAIN

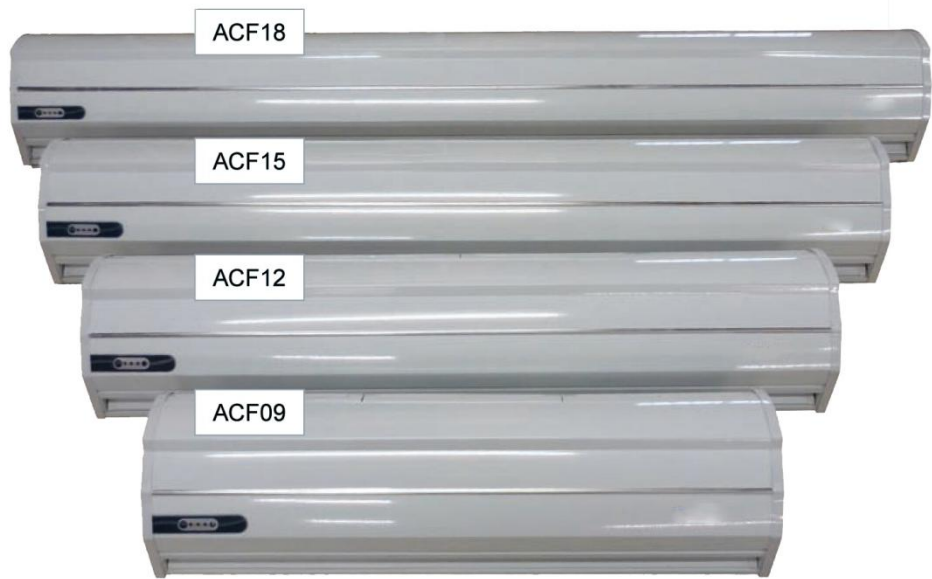

By providing a welcoming flow of air over your entrances you can create a greater impression of a clean controlled environment for your staff and customers. Ulti Air Curtains work to circulate clean air within your work zone and the whisper quiet operation ensures minimal noise and impact in your environment.

Select your optimum size combination from the chart below

Air Velocity (high speed setting)

Specifications

Part Number	Weight	Watts	Air Flow (Metres / Sec)			Noise Decibel	Net Dimension Length x Width x Height (mm)
			High	Medium	Low		
ACF09	15kg	340w	17	13.5	9	53-58	900 x 230 x 235
ACF12	18kg	440w	17	13.5	9	53-58	1200 x 230 x 235
ACF15	24kg	560w	17	13.5	9	55-60	1500 x 230 x 235
ACF18	26kg	660w	17	13.5	9	63-68	1800 x 230 x 235
